

# DTU Chip Day

Chip Design and Verification  
18 April 2023

12:30 - 17:00 DTU - ROOM 101-M1

Are you curious about cutting edge technology, analog and digital chip design and verification?

Join this day and hear directly from the Danish companies on their stories, their challenges, their job offers and their future!

## 12:30: Sandwiches & drinks

## 13:00 Introduction

Industry keynote

Chip Design Education at DTU

DTU/Industry research: Neural Net

work Accelerators in Hearing Aid ICs

## 14:00 Technical presentations

Analog IC design : Power Management

Digital IC Design : High Speed Networks
